

New York State Academy of Nutrition and Dietetics
Recognized Diet Technician Past Recipients

The Recognized Diet Technician Award (RDT) began in 1985 with the purpose to recognize the professional contributions of dietetic technicians in the Academy of Nutrition and Dietetics (Academy) and to encourage their continued participation in Academy affairs. Each affiliate is allowed to select one recipient each year. Affiliates may choose to not participate in the award program. It is of note that from 2004-2016, there were no nominations received for this award by the NYSAND Awards Committee.

The list of RDT winners for the year is published in a fall issue of the Journal of the Academy of Nutrition and Dietetics. Our list was verified by reviewing the JADA/JAND, however, if you determine that there is an error, please contact the NYSAND Central Office, to provide updated information.
